

# The SASRAD HD Readyscope® Videoscope

Built on the same platform as our world renowned Ultimate Fiberscope®, The Readyscope offers the same toughness and dependability our Ultimate Scopes are famous for. The Readyscope® is there when needed to give the brightest, clearest, sharpest HD image of inspections. With interchangeable monitors, a sunshield, damage resistant probe tips and field repairable, now inspections can be conducted without compromising operator's situational awareness.
